Welcome to your study of Abraham!!!

This workbook will help you begin studying Abraham.

**Remember ~ there is always more to learn! If you come across something interesting or something that you do not understand, try to learn more about it! This workbook is just the beginning.**

**You can always write down any questions that you have and ask someone at camp! We LOVE to discuss questions at Kid's Camp!**

Remember that the Bible is God's way of talking to us! We have to READ the Bible in order to hear the lessons He is trying to teach us and apply them to our lives.

### The How-To of Bible Study!

1. *Say a Prayer! It is always best to start with a prayer asking God to help you understand His word.*
2. *Read it! It is very helpful to read all of what you will be studying in order to get the big picture. In this case, read Genesis 11:27-32, 12-18, 20-23 & 25:1-11.*
3. *Re-read! Re-reading each section before answering the questions may save you some time and will help you get the most out of your study.*
4. *Ask Questions! Ask yourself Who?, What?, Where?, When?, How? & Why?. Always ask someone else if you get stuck on something.*

# The Tools to Use!

THE FOLLOWING BOOKS AND RESOURCES WILL MAKE YOUR STUDYING EASIER.

Must-have books:

1. King James version of the Bible (The KJV is mandatory, but you might find having other versions helpful)
2. Strong's Concordance
3. Bible Dictionary
4. Dictionary

Nice to have Resources

1. [Christadelphian Works](#) Bible software
2. [Dictionary of Biblical Similitudes](#)
3. [The Miraculous Significance of Numbers & Colors as They Appear in the Holy Scriptures](#), by M.D. Stewart
4. [The Book of Genesis: Verse by Verse Exposition](#), by H.P. Mansfield
5. Maps of Bible Lands

# Using Your Tools!

- **Strong's Concordance:** This one can be a little tricky! The first thing you do is look up the word in the main concordance just like a dictionary. Find the reference you are using and look at the number linked to that word. Once you have found the number, look up the number in the Hebrew dictionary in the back. You can also search for where to find words by looking up the word and looking at all the places it is used!
- **Bible Dictionary:** Use this just like a regular dictionary. Look up the subject - everything is listed in alphabetical order!

# Completing Your Workbook

There are 5 types of questions in this book:

- Regular Questions can be answered directly from the passage in front of you.

- Look Into It** questions need you to dig a little deeper by using one of the reference books listed on the previous page. You can also ask someone!

- Bible Mark It** questions require that you make notes in your margin. You may want to have some sort of lined paper to put behind your page to help you write in a straight line.
  - All you have to do is find the word you are defining, underline it and write the definition on the same line in your margin!

- Think About It** questions need some extra thought about the section.

- Super Bonus!!** questions are a little harder to answer because you need to dig deeper into other parts of Scripture or find out some history. It is usually handy to have your reference books ready for these questions!

The more work you do now, the more prepared you will be for Camp! Make sure to start early and do a few pages everyday. By doing this, you will not only finish the workbook before camp, but you won't be overwhelmed and you will get the most out of your study.

Make sure you do your best work!. Your counselors will be collecting your books to look through them and the best workbook from each age group will get a prize!

---

---

- 5) Where was Abraham buried?

---

---

- 6) Who was Abraham buried with?
